

CAREER SERVICES 2022 RFP

Q & A

| | |
|-----------|--|
| | Bidder's Conference on November 7, 2022 - Zoom |
| 1. | Q. Is the initial contract of \$85,000 all operational budget, or does it include training and support services funding as well? A. The initial contract includes funding for operational, supportive services and training for 17 months. |
| 2. | Q. Will EDD's policy directive on out-of-state expenditures for ITA's remain in place? A. There is no indication EDD plans to modify the ETPL policy/directive. EDD remains firm on their interpretation that out-of-state training providers are not eligible to be included on the California ETPL unless they meet very specific criteria. |
| | Posted 11/14/22 |
| 3. | Q. There seems to be an error in the budget worksheet in the RFP Budget Form (Attachment C as it does not seem to be adding in any amount under Direct Program/Career Services, subheading Supportive Services.) A. Please refer to revised Attachment C budget at rfp.goldensierra.com. |
| | Q. The old pre-qualification only asked for the insurance attachment if you were a new contractor. Can I assume that this will not apply to current contractors? A. The pre-qualification packet will identify which items are required from all applicants, and those required by new applicants only. |
