GOLDEN SIERRA WORKFORCE BOARD EXECUTIVE COMMITTEE

MEMORANDUM

DATE: September 17, 2020

TO: Executive Committee (EC)

FROM: Jason Buckingham, GSJTA Executive Director

SUBJ: FY 2020-2021 Agency Final Budget

Before the Board for review is the Agency Fiscal Year 2020-2021 Final Budget. The budget is a part of Workforce Board responsibilities as per WIOA. The Act requires the Board to develop a program budget in partnership with the Governing Body. The Action requested is to make a recommendation to the Governing Body to approve the final budget for 2020-2021. The budget has been developed with a focus on the WIOA Local Workforce System requirements. See the budget narrative for additional details.

Budget Introduction and Overview

Golden Sierra Job Training Agency is a Joint Powers Authority (JPA) organized between the counties of Placer, El Dorado and Alpine. The Agency's annual source of funds is the Title 1 award from the *Workforce Innovation and Opportunity Act (WIOA)*. Additionally, the Agency administers miscellaneous grants and awards that complement the WIOA Title 1 objectives and the stated purpose of the JPA.

Approach in Developing the Final Budget for Fiscal Year 2020/2021

The model used to develop the Consortium's annual budget is the Priority Based Budget model. The goal is to develop a budget based on the relationship between program funding levels and expected results from that program. The objectives are to retain cost-efficient and effective ways to meet the requirements of the *Workforce Innovation and Opportunity Act (WIOA)* while providing quality services to participants and meeting the debt obligations of the Agency.

The Fiscal Year 2020/2021 Final Budget:

The funding used to develop the budget represents rollover funding from the *Workforce Innovation and Opportunity Act* (WIOA) Title 1 formula fund allocations, Subgrant AA011006 and the new allocation communicated to the Consortium by the Employment Development Department (EDD) via the Workforce Services Information Notice (WSIN) WSIN19-45. Other programs to be administered by the Agency are categorized as Non-Allocation grants. These grants have been awarded via competitive processes. The largest of which include the Prison to Employment Initiative and the SB1 High Road Training Project being awarded by the California Workforce Development Board. This funding is being administered by Golden Sierra on behalf of the Capital Region Workforce Boards including SETA, NCCC, and Yolo County. Additional non-allocation funding includes funding related to pandemic emergency response, and services to individuals with disabilities.

The budget meets mandated funding requirements as follows:

20% of the Adult and Dislocated Worker funding will support *Direct Training* with a planned assumption of 10% leverage in order to meet the full requirement of 30% with a 20/10 ratio of WIOA cash/leverage.

20% of the Youth funding is earmarked to meet the *Youth Work Based Learning* (WBL) requirement as outlined in the WIOA Tile I award. To clarify, *Work Based Learning* only includes a participant's enrollment in employment related training such as an On-The-Job Training (OJT) or Work Experience (WEX). It does not include classroom training. Seventy percent of the earmarked WBL funding is planned to support career services for eligible WBL participants in the program.

The remaining cost objectives required of the Title I funding is to maintain a minimum of one *Comprehensive - America's Job Center (AJC)* in the *Local Area* while strategically utilizing financial resources to meet the debt service required payments for the liabilities of the Joint Powers Authority (JPA while participating in the continued development of both local and regional *Workforce Systems*.

Allocation Funding Changes

- WSIN19-45 plans for a slight increase in Adult, Dislocated Worker and Youth funding for 2020/2021 over fiscal year 2019/2020. The increase is iust under 2%
- Due to COVID-19, Rapid Response was extended, and the Funds Utilization Requirements have been lifted allowing a greater carryover than would normally be allowed
- Rapid Response and Layoff Aversion allocations have been updated to reflect actual awards for 2020/2021 with a slight decrease over 2019/2020
- The Agency has been able to reduce costs in staffing as well as services and supplies from PY19/20
- There is a slight increase in funding for Advance bringing their total award for PY20/21 to \$100,000 (an approx. \$25,000 increase from Draft)
- There is a new line item for the Workforce Board which allows the board to implement \$50,000 worth of initiatives as it sees fit. This is a \$20,000 increase from Draft.
- Included in the budget is a transfer of 80% of the Dislocated Worker funding to the Adult funding stream. This is flexibility allowed in the law that increases access to funds for participants and eases eligibility documentation for the community.
- Services and Supplies, and Professional Services increase slightly from Draft in order to accommodate virtual service models due to the pandemic, WIOA plan development, and contracting as a part of regional grant administration.

Additional Notes

There are several changes to the historical presentation. Perhaps most notable is that all salaries have been separated out from client services. This has been done for the sake of transparency as it allows for a clear review of direct client expenditures. However, it does skew the comparison from FY 19/20 to FY20/21. It does not skew the presentation of Draft to Final.

The Budget presentation has been reduced to two schedules; schedules 1, and 2. This is largely due to Placer County's transition to a new countywide system. We anticipate greater changes to schedule 2 (Cost Center Detail) to be presented at a later date.

The agency procured the Workforce Board's One-Stop Operator as required by law and has included costs for that service in Professional Services.

The impact of COVID-19, the lifting of funds utilization, and the roll as regional grant administrator has presented us with a unique opportunity in that it provided us with enough funding to increase funding for activities such as the Board Initiatives, career and training services, and funding the Advance contract at \$100,000.

Description of Schedules

Schedule 1 Consortium Draft to Final Budget Schedule is based on estimated rollover funding, non-allocation carry over, and new awards.

Expenditures have been adjusted based on anticipated cost increases, WIOA spending

requirements, and pension debt service requirements and shows a comparison of FY20/21 draft

Budget to the proposed Final Budget for FY2020/2021

NARRATIVE QUESTIONS

What specific experience/expertise do you possess which would be of value to the Workforce Development Board?

I currently manage 6 dental offices in the greater Sacramento area where we employee more than 30 individuals. I am activity involved in nonprofit for such as Junior Achievement and the Loomis Basin Education Foundation. I was a SVP for Commercial Banking at Bank of America where I retired after 20 years. I was past chair and committee member for 10 years for Eskaton's non-profit sector. I was a 2018 Leadership Sacramento Graduate and I am currently a member of The Power of Woman group in Placer County. I have a passion for service and a network to support my areas of focus.

Why would you be a good candidate to serve on the Workforce Development Board?

I love service! It's important that we give back and support the development of others in our community. I have learned a lot over my years in both Small Busines and Corporate America that I believe would be valuable.

You may attach additional information, including your resume or biography. Further questions should be directed to Lorna Magnussen at Golden Sierra Job Training Agency at (916) 773-8544.

To Whom This May Concern:

I am writing this letter of recommendation for Britt Randall to serve on the Board of Directors for Golden Sierra. Britt was a past member of the 2018 Leadership Sacramento class and is actively involved in her community. She actively worked with the other 39 members of her Leadership Sacramento cohort to create the annual "Rock the Block" event that provides community repairs and improvements in local low-income neighborhoods. Their service event impacted many families in the Oak Park Neighborhood.

Britt would be a valuable member to any nonprofit board.

NARRATIVE QUESTIONS

What specific experience/expertise do you possess which would be of value to the Workforce Development Board?

I am a Real Estate Broker with a local business in sales, both commercial and residential, as well as property management of investment properties. My roots are in Placer County as the first graduating class of Woodcreek High School. I went on to attend Sierra College studying Civil Engineering, Architecture, and Environmental Sustainability. My passion for architecture and home development was a natural drive towards a real estate career.

Licensed since 2006, I also developed my professional career with the City of Rocklin's Finance Department as well as Placer County Water Agency. My inner knowledge of local municipalities makes me a broad resource for the community and development. My current business keeps me on the cutting edge of business practices as well as what is going on in the community.

Why would you be a good candidate to serve on the Workforce Development Board?

I would be a great candidate because I have experience to draw from that would be implemental in providing input on workforce development for students and job seekers alike.

You may attach additional information, including your resume or biography. Further questions should be directed to Lorna Magnussen at Golden Sierra Job Training Agency at (916) 773-8544.

To whom it may concern:

I write this letter as a personal and professional reference—and endorsement—of Jamie Brown, whom I've known and worked with in many capacities since 2006.

As a business owner in Rocklin for 32 years and former elected councilmember and mayor of the City of Rocklin from 2006 through 2018, I came to know Jamie while working for Rocklin in the Finance Department from 2007 to 2010. In my same capacity, I also worked with Jamie while she worked for the Placer County Water Agency from 2011 to 2017. On all accounts, I witnessed professionalism and tremendous work ethic.

More recently, and until now, my relationship with Jamie stemmed from her real estate career—primarily her work with Delta Star Management. While there, she personally assisted me and my family managing rental properties. On several occasions, I worked directly with her when dealing with difficult tenants and general rental-property-management needs. She has a knack for working well with people, always demonstrating proficiency with an abundance grace and knowledge. She has tremendous "people skills," and I received many compliments over the years because of her.

I am also familiar with Jamie's service in the community. I'm aware of her involvement with the Rocklin Area Chamber of Commerce and the Roseville Area Chamber of Commerce, particularly her role serving in the Roseville Leadership program. I'm also aware that she has earned numerous professional awards and accolades.

Knowing the mission and vision of Golden Sierra Workforce Board, I'm confident that with Jamie's background, skill sets, and devotion to the community, she would be a marvelous addition to the Board.

I'm available anytime for a call. Good luck with your organization's endeavors (especially through these challenging times). I can be reached directly at (916) 804-9194.

Sincerely,

Scott Yuill, ChFC©, RICP©

Golden Sierra Job Training Agency

NARRATIVE QUESTIONS

What specific experience/expertise do you possess which would be of value to the Workforce Development Board?

I own Sierra Consulting Services which is a consulting company for California companies seeking Employment Training Funds (ETP). ETP is a state agency dedicated to helping California-based companies increase their competitiveness against out-of-state competitors by reimbursing training costs. I have been in business for over 8 years and have procured several million dollars in ETP reimbursement for my clients. As such, I am well acquainted with the benefits of government sponsored training and how it helps strengthen businesses by giving employees skills they need in order to get a job or further their career. With ETP, we look to see if the company will be training on soft and hard skills which are categorized into business skills, commercial skills, computer skills, manufacturing skills, process improvement skills and safety/OSHA skills. We also look to see how the training is delivered such as in-person classroom instruction, virtual (Zoom, Go To Meeting), On-the-Job, or computer based training. The feedback from my clients has been overwhelmingly positive. They all participate in ETP for the training reimbursement but, for many, the benefits go beyond financial returns. For many of my clients. ETP has helped them improve their sales, product quality, and customer service. It has also helped companies with their ERP implementation, or go international with language conversions and global shipping, or improve their domestic logistics, or change and improve their procedures and processes to go LEAN or paperless or digital.

Furthermore, my business has benefitted from hiring employees from the Folsom Cordova Community Partnership when the company was located in Sacramento county. A non profit similar to Golden Sierra that receives public grant money for helping disadvantaged or challenged adults who are trying to enter the workforce. One employee is still with me after 6 ½ years. She was my first employee from Folsom Cordova Community Partnership and we were able to give her On-The-Job training thanks to the program. She is very bright and has helped develop and implement several processes and procedures which we still use today. We hired a second employee from the Folsom Cordova Community Partnership who was a recent immigrant from Afghanistan. He had an emergency visa to come to America because his life was threatened for helping the American army against the Taliban. We gave him On-The-Job training and he worked for us for a while. He decided to change careers and become an electrician. During our last conversation, he said that he is going through the apprenticeship program to become a journeyman. The new job will be able to support his wife and 2 daughters. I was very grateful to help him find a job at my company after coming to America and then to help him find his dream job as an electrician.

Prior to starting Sierra Consulting Services, I had many years of developing business plans for newly formed and young companies. I also raised over \$25 million for start up capital for venture capital companies as well as commercial real estate projects. I also worked with Cal State Northridge in starting their Entrepreneurship program. I also worked with a local non-profit in Placer County that helps at-risk youth who have aged-out of the foster program develop both life skills and professional skills. The high success rate for these former foster youths to find and hold a steady job after a year-long program was very encouraging. It was also encouraging to see companies work with the non-profit to give these young adults additional on-the-job training and new skills.

Why would you be a good candidate to serve on the Workforce Development Board?

I believe in the mission of the Workforce Development Board. I have personally experienced the benefits from working with public/private partnerships and have seen how these partnerships with WIBs and ETP can help businesses succeed. And, I have also seen with my own employees and foster youth how their personal and family's lives can change for the better as they have been sponsored by public and non-profit funds while working for private companies.

RE: Recommendation of Michael Snead

Dear Lorna:

I am writing to formally recommend Michael Snead to be considered for a position on the board of the Golden Sierra Job Training Agency.

Michael has been an active member of the Sacramento Professional Advisors Network since 2018, and is a member and participant in the Roseville group, within Placer County, CA.

The Sacramento Professional Advisors Network is a non-profit organization that is comprised of vetted accomplished professionals that serve business owners within the Sacramento region. Currently, SPAN is approximately 60 members strong, and has three established groups including the Downtown Group, Folsom Group, and the Roseville Group.

The purpose of SPAN is to serve as a platform to provide professional growth, collaboration, build strong trusted relationships with fellow members, generate referrals to help each other succeed, and generate results in ways that make a positive difference for our business owner clients, and the local business community.

Mike has been a dedicated member of the Roseville Group by providing informative presentations on ETP agency funds and how ETP can help California companies increase their skill sets. He has also actively made referrals to several SPAN members and connected his clients to key SPAN members, enabling them to make a positive difference for them.

Michael has carried himself in a professional manner during our SPAN monthly meetings and has demonstrated good communication skills and a friendly disposition. Therefore, I feel that he would be a positive, contributing member of your board.

If you have any questions, please feel free to email me or contact me at the phone numbers listed below.

Very truly yours,

Steven Zeller
