

Help Shape A New Job-Seeker Tool

Join us for a veteran and military community focus group!

You're invited to test a new digital tool designed to connect members of the military community with manufacturing career opportunities in the Sacramento and Placer regions.

During this small-group session, you will:

- Explore and test the new tool
- Share what works, what doesn't, and what may be missing
- Help improve career information and resources for the military community

No manufacturing experience is required.
